

DIN-RAIL-KIT-3

DIN-Rail Clip For Applications Where Easy Removal of This Device From the DIN-Rail Is Preferred

FEATURES

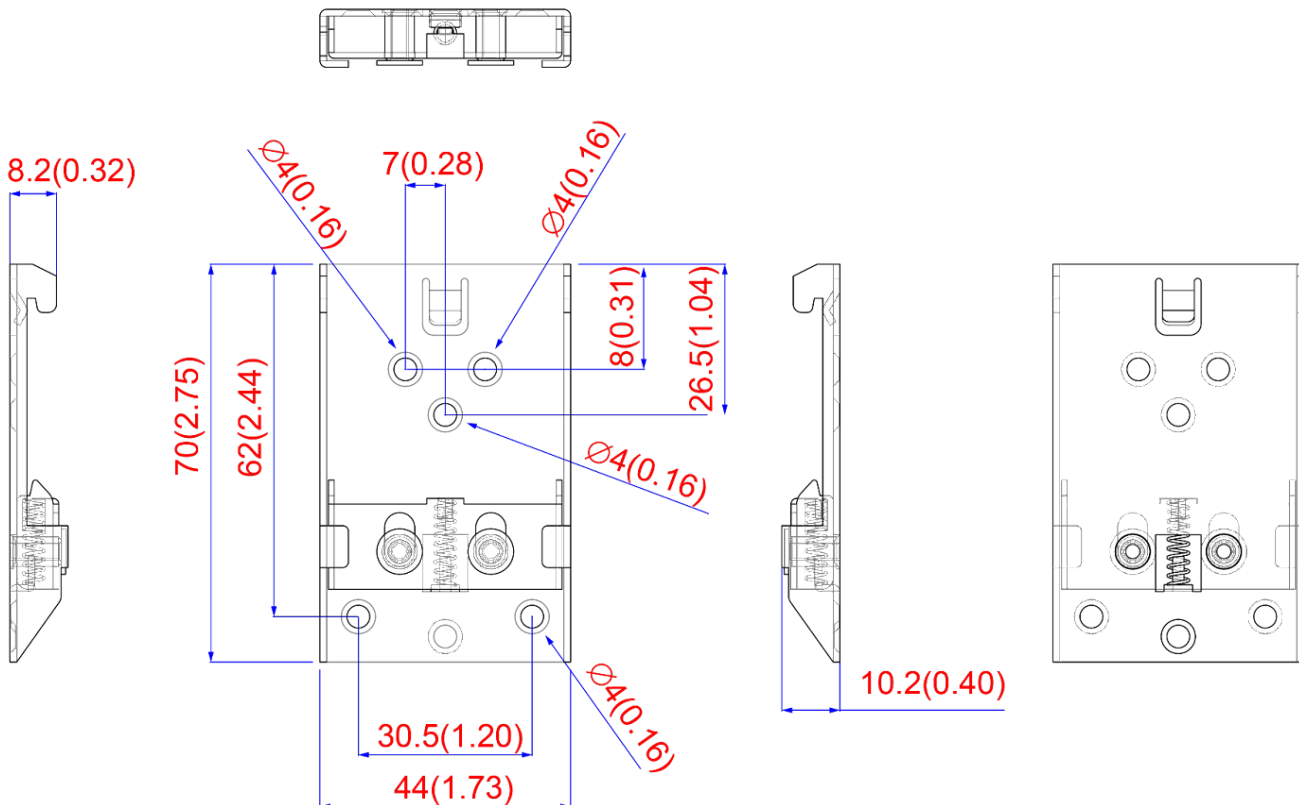

- ▶ Stainless Steel Construction
- ▶ Coil Spring Loaded Latch
- ▶ Secure Snap On Design
- ▶ No Tools Required to Remove From DIN-Rail

INTRODUCTION

Antaira Technologies' DIN-RAIL-KIT-3 was designed to replace standard DIN-Rail clips in applications where the environment requires a solid connection to a DIN-Rail but still permits the device to be easily removed from the DIN-Rail. Not only will these clips hold a DIN-Rail more securely, but they will also release from the DIN-Rail more easily. This is done with the innovative design that requires no tools to be used to detach the device from the DIN-Rail.

DIMENSIONS

Unit: mm (inch)
