Interchangeable Slim Bezel Display Modules for TPC-B300/B510/B520/B610/B620

Interchangeable Display Modules with 15.6" FHD / 18.5" FHD / 21.5" FHD

Features

- Modular front display design in three application-based module categories, enabling flexible configurations
- Front panel module with P-CAP multi-touch sensor available in various sizes
- Industrial-grade LED LCD
- System status LED indicators in front panel
- IP66-rated front panel and panel mount
- Rear mounted computing box or monitor box module is compulsory to activate display module

Introduction

Advantech's Slim bezel modular display series offers various display modules ranging between 15.6" and 21.5" inches in size to go with selections of computing boxes (TPC-TPC-B300/TPC-B510/TPC-B520/B520L/TPC-B610/TPC-B620) for multiple configurations that can be flexibly adapted to various scenarios. Modular display series are equipped with industrial grade LCD and Projected Capacitive touch screens, providing the best user experience and reliable operation. The modular design ensures flexible configuration and easy maintenance/upgrades. Its robust enclosure is equipped with a die-cast aluminum alloy front bezel and IP66 rating for protection from dust and water ingress.
