PRE-CONFIGURED CONVERSION BUNDLES

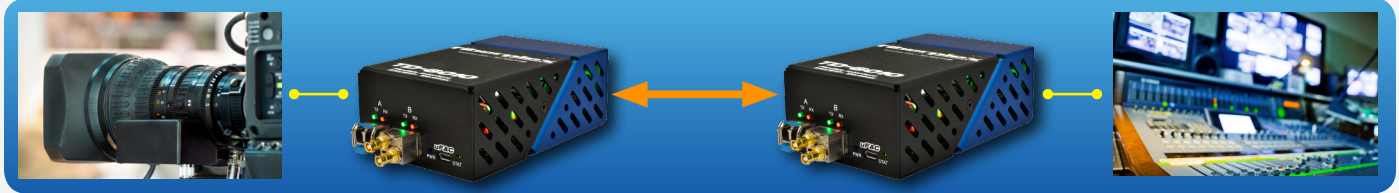

fiberplex
TECHNOLOGIES, LLC

The Global Leader In Secure Digital Communications

TKIT PRE-CONFIGURED CONVERSION BUNDLES

Even though we deal with rocket scientists, this is NOT rocket science. So we are making it as simple as possible. One SKU gets you everything you need to improve your system from copper to fiber. Just pick your system...

The FiberPlex Technologies 'TKIT' bundles takes the incredible flexibility of our TD-6010 12.5 Gbps workbox and bundles it with a set of application specific SFP modules to create a simple, easy to order solution for your specific application.

VIDEO CONVERSION

3G SDI Video Fiber Link Kits

TKIT-3GXC-M TD-6010 (Pair) 3GSDI Video to Multimode Optical Conversion, Transceiver, Video Optimized, 850nm, < 500m, Includes AC Power Adapters

TKIT-3GXC-S TD-6010 (Pair) 3GSDI Video to Singlemode Optical Conversion, Transceiver, Video Optimized, 1310nm, 20km, Includes AC Power Adapters

HDMI Video Fiber Link Kits

TKIT-HDMI-M TD-6010 (Pair) HDMI Video to Multimode Optical Conversion, Video Optimized, 850nm, < 500m, Includes AC Power Adapters

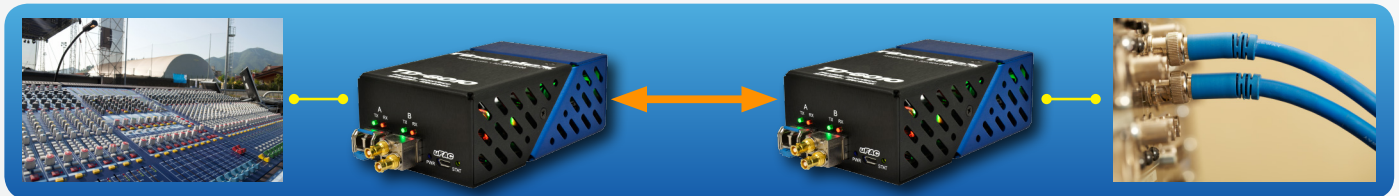

TKIT-HDMI-S TD-6010 (Pair) HDMI Video to Singlemode Optical Conversion, Video Optimized 1310nm, 20km, Includes AC Power Adapters

Analog Composite Video Fiber Link Kits

TKIT-SDXC-M TD-6010 (Pair) Composite Video to Multimode Optical Conversion, Transceiver, Video Optimized, 850nm, < 500m, Includes AC Power Adapters

TKIT-SDXC-S TD-6010 (Pair) Composite Video to Singlemode Optical Conversion, Transceiver, Video Optimized, 1310nm, 20km, Includes AC Power Adapters

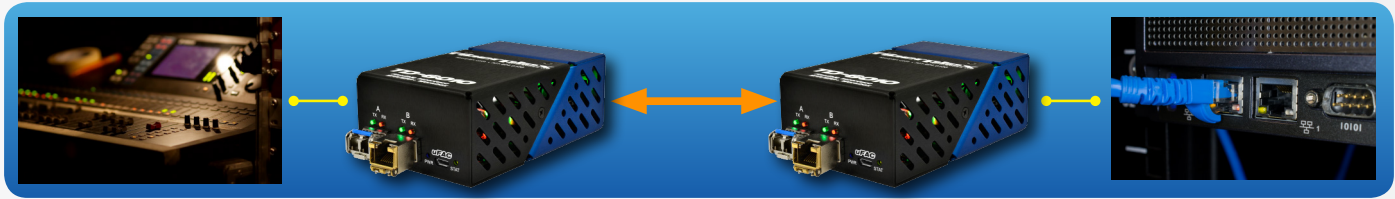

AUDIO CONVERSION

AES-10 (MADI) Fiber Link Kits

TKIT-MADI-M TD-6010 (Pair) MADI (AES10) to Multimode Optical Conversion, 1310nm, 2km, Includes AC Power Adapters

TKIT-MADI-S TD-6010 (Pair) MADI (AES10) to Singlemode Optical Conversion, 1310nm, 2km, Includes AC Power Adapters

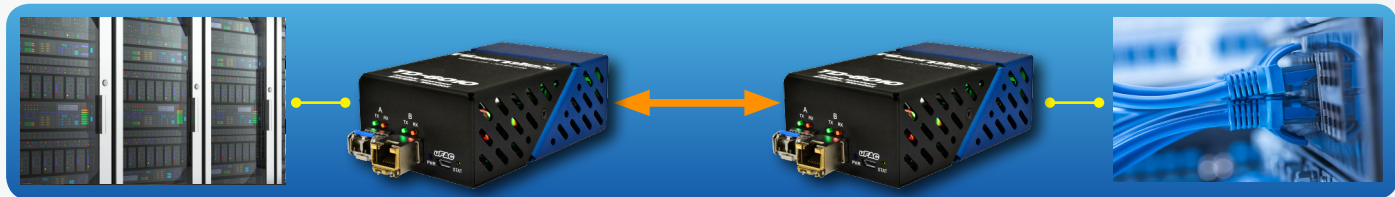

DANTE/AVB CONVERSION

Networked Audio Fiber Link Kits

TKIT-DANTE-M TD-6010 (Pair) Preconfigured DANTE™ to Multimode Optical Conversion, 1310nm, 2km, Includes AC Power Adapters

TKIT-DANTE-S TD-6010 (Pair) Preconfigured DANTE™ to Singlemode Optical Conversion, 1310nm, 20km, Includes AC Power Adapters

ETHERNET CONVERSION

10/100/1000 BASE-T Fiber Link Kits

TKIT-ETH-M TD-6010 (Pair) Preconfigured 10/100/1000 Base-T Ethernet to Multimode Optical Conversion, 1310nm, 2km, Includes AC Power Adapters

TKIT-ETH-S TD-6010 (Pair) Preconfigured 10/100/1000 Base-T Ethernet to Singlemode Optical Conversion, 1310nm, 20km, Includes AC Power Adapters

MODE CONVERSION

Multimode to Singlemode Conversion Kits

TKIT-MODE-155 TD-6010 (1ea) Optical Mode Conversion, Multimode 1310nm to Singlemode 1310nm, 155 Mbps, Includes AC Power Adapter

TKIT-MODE-1G TD-6010 (1ea) Optical Mode Conversion, Multimode 1310nm to Singlemode 1310nm, 1.25Gbps, Includes AC Power Adapter

TKIT-MODE-3G TD-6010 (1ea) Optical Mode Conversion, Multimode 850nm to Singlemode 1310nm, 50Mbps - 3Gbps, 1310nm, Includes AC Power Adapter

TD-Series MODULES & ACCESSORIES

TD-Series “Throw-Down” Modules

Designed for commercial installers, production and rental houses to simply ‘throw down’ wherever they’re needed, FiberPlex’s TD-Series extremely rugged fiber-optic modules will handle a wide range of a audio, video and data applications.

TD-DINR DIN Rail Mounting Bracket

Mount a single FiberPlex TD-Series unit onto DIN rail conforming to standard EN 50022. The integrated keyhole mounting holes on the bottom the TD units lock securely on mating studs while a non-marring nylon retention screw holds them securely in place.

TD-Series Rack Mount System

For use with our TD-Series modules, the TDR-01-AC provides convenient and secure mounting and power for up to 6 TD-Series modules for rear connect applications. Power adapter and wiring harness included.

TDP 6-Position Powered Rack with Modular Front Connect Panel

For front connect applications, the TDP provides, mounting power and cable management for up to 6 TD-Series modules with a 16 position modular connector panel. Power adapter and wiring harness included.
